

TYRE REMOVER

Specific detergent for the removal of tyre marks

DESCRIPTION

TYRE REMOVER is a detergent designed to remove the marks left by black vehicle tires. Its special formula helps remove dirt from the floor without ruining the surface layer of protective resin.

APPLICATION

The product can be used pure or diluted with clean water dilution ratio of 1:3 (1 part of TYRE REMOVER with 3 parts of water) depending on the dirt to remove. Apply the product on the portion of the floor to be cleaned with a single brush and red abrasive disc. Let it soak for about 5 minutes then rinse thoroughly with clean water. If necessary, repeat the procedure.

CONSUMPTION

Indicative consumption of pure product can range from 50 to 150 g/m² depending on the dirt to remove.

PACKAGING AND STORAGE

TYRE REMOVER is available in 5 - 10 L tanks.
In the original packaging and when stored at 10-30°C, the product will last for 12 months.

WARNINGS AND STORAGE

Keep from freezing. Store in tightly closed containers in a cool and breezy place. Can be stored for about 12 months in the original bucket.
TYRE REMOVER IS A PRODUCT FOR PROFESSIONAL USE ONLY.
